series can be used on all PCs with Windows 7, 8, 8.1, 10, XP, Vista, Mac.Q: Smartcard api with micropayments Is there some smartcard api, that i could use, that i would be able to integrate in my app, so that any person, using my app will be able to use micropayments, using microcart, that would be created in my app. Thank you A: There are a lot of different ways to implement a smartcard gateway to make micro payments in your app. And a lot of different smartcard manufacturers implement multiple schemes. Basically if you want to use a physical card, you can use the cards interface API (Java Card) or you can use an already existing payment scheme. The most popular one is the Worldline payment scheme. The API is Java

Card and with the Worldline Mobile Payment Client (JavaScript) you can make micropayments. A lot of details are in the Worldline smartcard API documentation.

Wednesday, December 22, 2011 "The fastest brand of smart-ass humor in town" - New York Magazine All of the most obnoxious things in life are wrapped in simple, clear, even primitive language. All of the most charming, fun things are likewise. One of the things that makes us Americans so proud of ourselves, is the transparent, 3da54e8ca3
