Elden Ring Free 2022 [New]

In Elder Scrolls Online: Summerset, the Dragonborn glides through a lush, emerald landscape. She finds the resting body of one of her dragon companions—a friend lost in the battle with the Shadow-crowned Dragon. No time to mourn—an assassin sweeps past on steely wings, a backstabbing impostor who has stolen the young dragon’s true identity. As the dragonborn, your choice of weapon and armor provides you with a powerful focal point—but is it enough to face the growing threat of the dragonborn faction? The victor and his allies will claim the ancient Elder Scroll and dominate the Elder system. Your quest: must you reach Dragonblight as quickly as possible, or is there more to this quest than a dragon companion’s secret?
