Best movie download sites: Top 10, High definition movies, HD videos, movies in mp4 or mky files, download, Lemmon Glacier Lemmon Glacier is located in the U.S. state of Washington and is located in the Glacier Peak Wilderness in the Cascade Range. Lemmon Glacier is an eroded wedge-shaped glacier that trends northwest to the northeast flank of Mount Lemmon. The southeast slope of the glacier is steep, and the face of the glacier is hidden by a rock cliff. The ice on the northwest face of the glacier comes to the surface in a thin stream and, like the others, merges eventually with the ice on the northeast side. See also List of glaciers in the United States References Category: Glaciers of the North Cascades Category: Glaciers of Skagit County
