## **What's new in Override 2: Super Mech League:**

**With all the Japanese Anime anime romance titles receiving a lyric book lately, it is also a great time to introduce some Japanese folksong titles to you! This time, we bring you the soundtrack from a movie called “Ohgiya” which is a movie romance title whose Japanese theme song has already been released back in summer 2017. This time around, we feature an extremely well-known Japanese folksong artist known as “Natsuki Tamura”, or more commonly know as “Natsuki Hiroshi”. The extremely talented folksong artist known as “Natsuki Hiroshi” has composed tons of music for TV anime, movies and dramas in the past. Normally, we have him as one of the featured “J-Pop Stars of the 90s” in our past blog entries, since he is one of the most popular male folksong singers along with “Kenji Wu“. Today, however, we couldn’t have worked out what song to feature so instead, we chose to feature an original soundtrack for the 10 episode movie “Ohgiya” which is based on the Japanese classic tale about a boy who goes around helping two old lady twins and their little child to escape from a dark corner of their house. Over the years, Natsuki Hiroshi’s heart-tugging song has been noticed by many humans all over the world who are also seeking their own Japanese romance stories or just helping to introduce you to Japanese romance themes. For example, the most popular Japanese folksong artist named “Kenji Wu” has his all-time best tracks like “Voluntary Training” which were produced by “Natsuki Hiroshi”. This time, you can preview below all the top 10 tracks of the Ohgiya Original Soundtrack - compiled from Mr.Natsuki Hiroshi original folksong album since the movie has received a official but rare soundtrack release and a commissioned second soundtrack release at the music “Elephant Club“. Quick note: The 10 episode anime movie “Ohgiya” had originally released on the January 23rd 2016 and it received a Vol.2 soundtrack release titled “Revival Record Ohgiya Vol.2” but that also limited to the official soundtrack store only... 1.
