The newly created franchise, "The Elden Ring Cracked Version", is an action role-playing game (RPG) based on a new mix of fantasy and action elements. Developed by tri-Ace, a developer behind the highly acclaimed "Final Fantasy" series, it will be released in 2018. WHAT? An action role-playing game based on a new mix of fantasy and action elements. WHO? Elden Ring Story The main characters are a group of young people living in, or visiting the Lands Between, which are the lands spreading between the world of myth and the real world. Elden Ring Online By interacting with others in other parts of the world, you can check the information from the others and go together to distant places. Playstyle It is possible to create a character that is fit for your own play style. You can freely combine the weapons, armor, and magic that you equip and develop your character according to your play style. Lands Between While the "Lands Between" are the lands spreading between the world of myth and the real world, there are various kinds of lands such as Eden Field, Eternal Field, Dark Space, Void Field, Demon Realm, and others. In addition to these, there are also mysterious lands such as Attalla and Hall. More detailed information about the game will be released in 2018. ## What's new in Elden Ring:

**GNGingrin: Yes! and this is from the published CE code (1.3-4-6) GAMEBUSTER GUGEN XSE: 1.3-5-1 I dont know how many of you are familiar with Gugen XS but if you aren't it is similar to Raptr in both function and appearance. I really like it and thought I would give it a try to see how it works, so I installed it and started the trial. Well, somehow it found two different Steam accounts for me even though I can only have one for anything other than private servers (often I run multiple servers but with multiple accounts) So I am unable to play though Steam its always only showing me blank game pages and thats where I can't even check in and put my numbers in (which I have been able to do on Raptr) So hopefully this will be fixed because I really do like the software and want to use it Dragon Dayshave rung in the new Era on yon clock/time of day system.
