RISE OF THE STRONG The nations of Tamriel have long gone their separate ways. A territory called Land of Lustre known as the Lands Between, which cannot be entered by anyone but the Elden Ring, is the place where the nations of Tamriel meet together. There, power is never something to be given away, but must be fought for through dire wars. The Elden Ring is the power that stands in the way of that power. The People of Tamriel of the lands between, those born in the lands between, have now entered the world of Draenor, a world that once sank into the sea, and now has been reborn from the remnants of its civilization. Yet, their search for light has found them a path to salvation. Their purpose has been reborn in the Elden Ring, and has given their lives to it. As the player, you have been given the opportunity to take up the mantle of the Elden Ring, and together with your fellow companions, live and grow in the world of Tamriel. Even now, the efforts of the Player Character are keenly anticipated in the Lands Between. You, the player of the Player Character, will take up the right to guide them on their journey to the forsaken lands of Draenor and to the high mountains of Elsweyr. As you master the arts of combat, crafting, and magic, you can shape the destiny of the Lands Between.
