'Madame President' and the art of the selfie: Hillary Clinton's on-air tweets have

taken attention away from her lack of charisma By Jackie Kucinich May 17, 2016 — 12.00am The Clinton campaign's choice of “Madame President” as its slogan should be cause for concern. It’s a term that might conjure up images of a calculating, imperious ruling system in which a small cadre of senior political advisers decide everything; that is, in essence, what the word

“President” is. Of course, President Hillary will still be a figurehead, as a “president-elect” she will be too busy with business interests to be in charge. But the use of the term “president” here — with Madame President — is telling, and suggests the Clinton campaign is regarding her as little more than a figurehead. Her lack of charisma Given the nature of the American

presidency, it is a problem.

Advertisement In Britain, Tony Blair was regarded as a figure of enormous national stature. His ability to bring the United States and Britain together as the senior partners in the “war on terror” and his hand in Libya provided him with an aura of leadership. The British also used their power not just to help Americans in Iraq, but set up a special relationship with President

George W. Bush that would change the face of modern British history. That hasn't happened with Hillary Clinton, and to a substantial degree it's because the United States is much more a place in which an American leader
