Mobile Box - 200x100x30mm (2 pallet unit) *1* Request Quotes 30m00n3 Mobile Box - 200x100x30mm (2 pallet unit) *1* Request Quotes For the last two weeks i have been building a new hard drive enclosure for my Kaleidescape PC500 into a larger 21mm case to increase the performance of the player. This is a 12A & 18V chassis with heated door & power (4x12 A) and remote controllable USB (2x12 A). This is a great enclosure for the many engineers here who have Kaleidescapes and like to use this as a mobile transport for hard drives, CD's, iPads, etc. This is the same enclosure as the IEC 731 or 10A version. A much smaller enclosure for home users, but still rated for 12A. I have been using this one for many years. If you would like an exact quote before i can build this for you please contact me on your preferred method, email, telephone or text. Thanks for looking.
