A story about Diiva and Karan Saxena who are in love and plan to get married. . Karan has a younger step. Diiva is a girl from a wealthy family, but she does not want to marry Karan, she is in love with another. And Karan needs Diiva and he is trying to seduce her. The plot of the film, as I said, is rather banal, and it is very difficult to call it original. But, like many Indian films, it has love, there is intrigue, intrigue and more intrigue, as well as beautiful dances, which I think fit very well into Indian culture.
